## Sequel To Love For Doll

Maternal Instinct Greatly Developed by Teaching Children to Love their Dolls.

The little child's doll is mother to the most romantic fairy. And in the years that pass, the doll fades into the petals of a June rose, to evolve the most wondrous of all transformations.

And now comes a more serious period when the joy of real motherhood should be as tranquil as best effort can provide.

This is accomplished with a wonderful remedy known as Mothers' Friend. It is an external application so penetrating in its nature as to thoroughly lubricate the myriads of tiny network of cords, tendons, nerves and muscles just beneath the skin of the abdomen.

It relieves the tension, prevents tenderness and pain at the crisis and enables the abdomen to expand gently. The muscles contract naturally after baby arrives and the form is thus preserved.

It should be applied daily, night and morning, during the period of expectancy. By regular use a feat in itself to memorize a great drama like "The Doll's House," to say nothing of the dramatic technique required to make each character stand out distinctly. Mrs. Snowden, who is an artist in ability, is a graduate of the Emerson School of Art, and her interpretation made a singular appeal to her audience.

The usual informal reception followed the program, and the tea tables

## TAX HOSTESS HOUSE CAPACITY THIS WEEK

Occasion Is "Mothers' Day" for Relatives of Candidates in R. O. T. S. at Camp Lee.

WILL BE CELEBRATED FRIDAY

Commanding General Gives Notice That General Public Cannot Be Entertained, as Quarters Will Be Taken by Visitors to Soldiers.

(Special to The Times-Dispatch.) CAMP LEE, VA., April 1.—That the hostess house, or cafeteria, as it is no sense a place of public entertainment, but was constructed through the kindness of the Y. W. C. A. for the reception and entertainment of the friends and relatives of members of the Eighteenth Division, was a striking statement made by Major-General Cronk, the commanding officer of the division, in a letter written to the editor of The Times-Dispatch today.

The letter was written in warm visitors to the camp on Friday and Saturday of this week, that on account of the "mother's day" exercises of the line officers' training school, the hostess house will be so crowded in caring for these visitors that it is obligatory that visitors to the camp on these days shall provide themselves with a box luncheon, unless they come to visit a definite member of the command.

The general further says that "The primary intention was to make this provision for the enlisted personnel, for whom no other provision exists, and it is directed that this provision be observed by the commissioned personnel other than in case of emergency."

### OTHER VISITORS MUST BRING LUNCHEONS ALONG

The letter follows:

"The present week is to include 'Mothers' Day' for the parents and relatives of the candidates attending the line officers' training school at Camp Lee.

"The members of the school total several hundred and provision must be made at the hostess house to provide for these guests during the period of their stay, both before and after the special exercises on Friday, April 5.

"That it may be possible for the cafeteria to meet the demands which will be made upon it, it is obligatory that every person coming to Camp Lee, other than for the special purpose of visiting a definite member of the command, provide himself with a box luncheon.

"The provision of meals to applicants will be limited to meet this requirement.

"In this connection it is deemed advisable to invite attention to the fact that neither the cafeteria nor the hostess house is a place of public entertainment in any sense of the word.

"It was constructed through the kindness of the Y. W. C. A. to provide a suitable place for the reception and entertainment of the friends and relatives of the members of this command. The primary intention was to make this provision for the enlisted personnel, for whom no other provision exists, and it is directed that this provision be observed by the commissioned personnel other than in cases of emergency. As it is located on a military reservation, the hostess house is under military control.

"While it is desired to extend its welcome to every one possible, violation of the rules on which its construction was based will cause the application of the necessary restrictions.

"It is further desired and directed, in the interest of food conservation,

that the food purchases of any one person for any one meal, except for members of this command, be limited to a maximum of 50 cents.

"It is requested that this letter be published by you for the information of all concerned. Its requirements will govern in the hostess house."

### FAMILY DAY EXERCISES WILL BE HELD FRIDAY

The "Family Day" exercises of the line officers' training school will be held on Friday of this week, on the day previously set for the completion of the school. After the school was inaugurated two weeks' additional instruction was added, which means that the school will close on April 19 or 20.

The exercises will begin Friday morning at 9:15 with the embryo officers going through their various drills for the benefit of their relatives. Dinner will be served by members of the companies to their relatives. In the afternoon a championship baseball game will be played. At night in the Liberty Theater the students will entertain their visitors at a performance. Saturday morning there will be individual company drills, and in the afternoon there will be tax dancants in numbers of the barracks. Lieutenant Colonel Love, commandant of the school, will be the guest of the first company at their dance. On Saturday night the two artillery companies will give a dance at the Officers' Club at Lakemont Park.

Every officer within the division will have his finger print record taken. This work will begin immediately and will be completed by April 15.

Camp Lee is observing the new daylight law. One of the noticeable results was baseball games on every regimental drill field after supper tonight.

### Brent-Sipe.

(Special to The Times-Dispatch.) HARRISONBURG, April 1.—A wedding of much interest in society throughout Virginia took place late Saturday afternoon at the home of Mr. and Mrs. George E. Sipe, when their daughter, Miss Edith Sipe, became the bride of Lieutenant George Brent, of Alexandria.

Mrs. Brent is the youngest daughter of George E. Sipe, a prominent attorney of Harrisonburg, and Mrs. S. C. Brent, Commonwealth's Attorney for Alexandria. He graduated in chemical engineering at the University of Virginia and received training at the second officers' training camp at Fort Myer and Fort Monroe.

After April 15, Mr. and Mrs. Brent will be at home at Pensacola, Fla.

### TODAY'S AID TO BEAUTY

Hair is by far the most conspicuous thing about us, and is probably the most easily damaged by bad or careless treatment. If we are very careful in hair washing, we will have virtually no hair troubles. An especially fine shampoo for this weather, one that brings out all the natural beauty of the hair; that dissolves and entirely removes all dandruff, excess oil and dirt; can easily be used at trifling expense by simply dissolving a teaspoonful of Canthrox (which you can get at any drugstore) in a cup of hot water. This makes a full cup of shampoo liquid—enough so it is easy to apply it to all the hair instead of just the top of the head. This chemistry dissolves all impurities and creates a soothing, cooling lather. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on the glossy richness of natural color, also a fullness which makes it seem much heavier than it is. After Canthrox shampoo, arranging the hair is a pleasure.—Adv.
